**Elena Baracani**, lecturer, University of Perugia: *US and EU Strategies Compared in Promoting Democracy*

### Abstract

The EU and the US are the two most important actors in promoting democracy. What are their strategies, and are they similar or not? The goal of this paper is to describe and compare EU and US strategies of democracy promotion towards Turkey, Serbia, Morocco, the Palestinian Authority, Moldova and Georgia. EU and US strategies of democracy promotion will be compared looking at the following aspects for each case study: institutional links, economic assistance, conditionality and socialisation.
